

MOUSSE DE COTON

NEW PRODUCT

A new shower cleansing routine, for all skin types, even the most sensitive.

AN EXCEPTIONAL FORMULA

The iridescent pink and silky texture of Mousse de Coton, turns into a fine and melting foam that softly spreads on the skin to cleanse and soften it, without drying it. Mousse de Coton is suitable for all skin types, normal to very dry.

Its pH neutral, soap-free formula, respects the hydrolipidic film on skin surface and curbs the drying effects of hard water.

Mousse de Coton has been formulated with a mixture of non-aggressive, surface-active agents: Skin's pH balance and protective film regenerate faster than with regular soap.

ACTIVE INGREDIENTS

- **Sacred Lotus Milk**

Rich in polyphenols, the Indian Lotus milk protects blood capillaries and has anti-inflammatory properties that soothe sensitive and delicate skin.

- **Cotton Oil**

Cotton oil has a similar structure to that of lipids found in skin, thus strengthen the hydrolipidic film that may be altered by cleansing. Furthermore, they regenerate and nourish the epidermis. Cotton oil also has emollient properties because it protects the skin by leaving a film on its surface.

- **Lamesoft**

Derived from coconut, corn and sunflower, Lamesoft is a gentle cleansing agent that rebuilds the hydrolipidic film. It strengthens the cutaneous barrier and maintains the hydration level of epidermis. The protective properties of Lamesoft neutralize irritative effects that cleansing agents and hard water could have on skin. The skin thus maintains a real softness and suppleness, the skin does not feel tight, and is gently cleansed.

FRAGRANCE

Mousse de Coton's fragrance wraps the skin with freshness and softness through its scents of citrus fruit peels, then of floral bouquet and finally its woody musky base.

PACKAGING

Mousse de Coton is packaged in a half-tinted tube of iridescent pink, without a box, so as to let unctuous and iridescent texture show. Its 200ml size and its cap are ideal for the whole family or to take along on vacation or on a weekend.

DIRECTIONS FOR USE

Pour a small amount of Mousse de Coton in the palm of hands and apply to wet skin. The scent of a rich foam will awake the senses and wrap the body with softness and freshness. Lather with circular motions starting with the feet and ankles, working up to the upper body. Rinse thoroughly with lukewarm water.

GUINOTS' ADVICE

- Finish the shower with cold water, working from the bottom of legs to the upper part of the body, this helps tighten tissues.
- Avoid warm baths to protect the support elastic fibers of skin.
- Use Gommage Facile one to three times a week to exfoliate dead cells.
- Apply a moisturising care product such as Lait de Confort over the entire body to ensure skin suppleness and softness.
